**PAPER NO:**

**AP21/02**

**SUBMITTED TO: ACCOUNTABILITY AND PERFORMANCE PANEL – 15 JANUARY 2021**

**SUBJECT: REVENUE AND CAPITAL MONITORING AS AT 30 NOVEMBER 2020**

**SUMMARY:**

1. This report covers the financial overview of the PCC Budget, Constabulary Revenue Budget, Capital Budget and Investments and Reserves as at 30 November 2020.
2. The Group is forecasting a revenue underspend of £1.985m, comprising of underspends within the Constabulary and Capital Financing of £1.669m, OPCC & Commissioning of £0.046m and Specific Home Office Grants of £0.270m.
3. The forecast capital position is underspent by £0.852m.
4. As a result of COVID-19 and the potential impact this is likely to have on the economy and future uncertainty regarding police funding, an in-year review of potential pay and non-pay savings has taken place and will help to mitigate funding risks in 2021/22.
5. This month 8 report includes the underspends following the in-year review of savings in order to protect reserves and support future funding pressures.
6. An enforcement plan has been developed and submitted to the Home Office setting out the plans for the use of the additional in-year surge funding of £0.270m

**RECOMMENDATION:**

1. The Accountability and Performance Panel is invited to consider the contents of this report.

## 2. PCC REVENUE BUDGET

- 2.1 The Office of the PCC Budget for 2020-21 is £0.890m (Appendix A (i)). The year-end position is forecast to be £0.046m underspent. The main areas of forecast underspend are Contingency (£33k), Transport (£7.5k) and Services (5k). Pay and employments is forecast to be overspent (£5.7k).
- 2.2 The Police and Crime Commissioner's (PCC) Commissioning budget is £1.737m which includes a grant of £0.887m from the Ministry of Justice (Appendix A (ii)) for victim services plus an additional £34.5k uplift for ISVA services. The core grant will fund Norfolk and Suffolk Victim Care, the Independent Domestic Violence Advice (IDVA) service and grants to support victims of sexual violence. As in previous years, £300,000 has been allocated to the PCC Fund, providing small grants to charities and voluntary sector organisations for crime and disorder reduction purposes.

- 2.3 'Covid-19 Extraordinary Funding' of £208,411 from the Ministry of Justice was allocated to thirteen successful applicants delivering domestic abuse and sexual violence services. A further £148,600 was secured for this purpose in November 2020. The MoJ has extended the deadline for delivery to 31 March 2021 by which time all funds will be spent.
- 2.4 The PCC has been successful in securing a grant of £238,307 from the Home Office for delivery of DA perpetrator programmes until 31 March 2021.

### 3. CONSTABULARY REVENUE BUDGET

- 3.1 The total Constabulary Revenue Budget forecasts a year-end underspend of £1.850m (excluding capital financing) as at month 8 (see detail in Appendix A (iii)). The main variances from budget producing the current forecast underspend are explained below.

	<b>Budget 2020/21 £000</b>	<b>Full Year Forecast £000</b>	<b>(Over)/Under spend £000</b>
Pay Related Costs	110,707	109,378	1,328
Other Employee Costs	1,304	1,191	114
Property Related Costs	9,508	9,632	(124)
Transport	2,315	2,126	189
Supplies and Services	11,674	11,623	50
Third Party Payments	1,954	1,970	(17)
Corporate including contingency and inflation	1,102	960	142
Income	(4,721)	(4,889)	168
<b>Total</b>	<b>133,841</b>	<b>131,991</b>	<b>1,850</b>

#### 3.2 Pay Related Costs

The forecast underspend of £1.328m is due to lower officer pay, overtime and staff pay costs than budgeted.

This forecast includes costs to uplift officer numbers as part of the government's commitment to increase police officers nationally by twenty thousand. The Home Office have confirmed in-year funding of £1.513m to cover the additional costs for an uplift of a further 36 (54 in total) officers for Suffolk Constabulary in 2020-21.

As previously reported, the underspend includes savings identified as a result of continued departmental vacancies together with fewer ill health retirements and lower pension strain costs identified within the review of in-year savings.

#### 3.3 Other Employee Costs

The forecast underspend of £0.114m primarily relates to the savings identified within redundancy costs.

### **3.4 Other Non-Pay Costs**

The forecast overspend of £0.098m includes offsetting variances in relation to Insurance, legal costs and Facilities Management contract (cleaning), offset by underspends in Force Medical Adviser contractual costs and car allowances.

### **3.5 Corporate**

The corporate underspend of £0.142m includes the transfer of departmental budgets where underspends have been identified as a result of the in-year savings exercise reported last month, partially offset by reduced MTFP savings as a result of in year decisions (see section 6). £0.400m has been transferred to capital financing in order to fund additional in year capital expenditure in order to protect the capital financing reserve.

### **3.6 Income**

The anticipated shortfall in income as a result of COVID-19 (public events and court income) is offset by additional income forecast relating to investment interest and recovery of training costs, resulting in a forecast surplus of £0.168m.

## **4. CAPITAL FINANCING**

The forecast overspend of £0.181m relates to an additional in-year contribution to Revenue Funding of Capital (RFOC) (£0.400m) in order to protect the capital financing reserve, offset by lower interest charges than budgeted (£0.219m).

## **5. SPECIFIC HOME OFFICE GRANTS**

The budget of £5.410m Home Office funding for PFI and other specific grants. It is anticipated that these grants will be received in full. In addition, the Government have announced an additional grant of £0.270m to enhance policing of C19 restrictions. An enforcement plan has been developed and submitted to the Home Office setting out the plans for the use of this additional in-year funding.

## **6. IN-YEAR BUDGET PRESSURES**

- 6.1 As a result of the COVID-19 pandemic, there has been a significant impact on the financial position. Regular reports are provided to Chief Officers and OPCC, providing the current position and a year-end forecast.
- 6.2 Confirmation has recently been received in relation to reimbursement of medical grade and non-medical grade Personal Protective Equipment (PPE), together with compensation for loss of income as a result of COVID-19. The potential impact in relation to these areas has therefore been mitigated, however will continue to be carefully monitored.

- 6.3 Any additional pressure as a result of the COVID-19 pandemic are unbudgeted, however the intention is to manage these within existing budgets and offset against other in-year cost reductions following the review of in-year savings. In order to support the Constabulary in terms of liquidity, the Home Office have agreed to allocate the half-year uplift grant over 6 months instead of quarterly in arrears.

## 7. SAVINGS

- 7.1 The total planned savings requirement for 2020/21 is £1.282m with budgets having been reduced in line with the agreed savings profiles set out in the MTFP. As a result of in-year decisions, a shortfall of £0.072m is forecast against this target, however non-pay savings of £0.550m have been taken to the centre providing a net benefit of £0.478m.
- 7.2 As a result of COVID-19 and the potential impact this is likely to have on the economy and future uncertainty regarding police funding, an in-year review of potential pay and non-pay savings has taken place and will help to mitigate funding risks in 2021/22. As reported last month, the non-pay savings identified through this exercise have been taken back to the centre with a view to holding this corporate underspend and transferring to reserves at year-end. Pay savings will continue to be monitored through the establishment management process.
- 7.3 As stated in paragraph 3.5, £0.400m has been transferred to the Revenue Contribution to Capital Outlay (RCCO) budget. This is a prudent course of action and will protect reserves for future use. In addition, this fits in with the government's funding strategy of reducing the capital grant to minimal levels, and increasing the revenue grant to enable maximum flexibility for funding either revenue or capital spending from the main grant. Any further flexibility to increase the RCCO contribution further will be monitored throughout the year.

## 8. TRANSFER FROM RESERVES

- 8.1 The budgeted transfer from reserves is summarised in the table below.

A summary of capital schemes is provided at Appendix B.

- 9.2 The forecast underspend at year end is currently £0.852m, due to Estates schemes and joint projects offset by additional costs within vehicle replacements.
