2 PCC REVENUE BUDGET

2.1 The Office of the PCC Budget for 2026/27 is £1,232k (Appendix A (i)). The forecast year-end position is an underspend of £70k, primarily due to vacancies (£32k) and supplies and services (£17k) and contingency (£21k).

2.2 The Police and Crime Commissioner's (PCC) Commissioning budget is £3.4m in total for 2026/27. Appendix A (ii) reflects:

2.3 Funding of £1.665m provided by the Ministry of Justice for 2026/27. The budget has been allocated to the following purposes:

- £858k Core Grant funding for victim services. This funding has been fully allocated to the Norfolk and Suffolk Victim Care Service and the Suffolk Independent Domestic Violence Advisor (IDVA) service.
- £807k general grant funding to support victims of domestic abuse and sexual violence. This funding has been allocated to Independent Sexual Violence Advisors (ISVAs) and community based domestic abuse support services.

2.4 The PCC commissioning budget of £903k will support crime and disorder reduction projects and additional services for victims of sexual violence. As in previous years, £300k of this budget has been allocated to the PCC Fund, providing small grants to charities and voluntary sector organisations for crime and disorder reduction purposes.

2.5 There is planned use of £110k the of the Crime and Disorder Reduction reserve this year to support victim services and for additional delivery of the objectives in the Police and Crime Plan focussing on young people and reducing reoffending.

2.6 The Home Office funding for local delivery of DA Perpetrator Programmes has been extended until January 2027 with a grant of £263k. This funding will contribute to activity undertaken by the Constabulary's DA Perpetrator Unit support delivery of the Venta programme delivered by local charity Iceni and provide additional victim support.

2.7 The Home Office have allocated funding of £397k for specified authorities for delivery of the Serious Violence Duty in the year to 31st March 2027. Specified authorities must decide how to spend the funding in relation to delivering the duty.

2.8 The PCC is also holding £240k in relation to funds allocated by Suffolk Public Sector Leaders for the implementation of a Community Safety Public Perception Survey and associated interventions. This work is expected to be carried out across two financial years.

3 CONSTABULARY REVENUE BUDGET

3.1 The total Constabulary Revenue Budget forecasts a year-end underspend of £0.607m as at month 6 (see detail in Appendix A (iii)). The main variances from budget producing the current forecast underspend are explained below.

	Budget 2026/27	Forecast 2026/27	(Over)/ Under Spend
	£000	£000	£000
Pay Related Costs	163,837	164,207	(370)
Other Employee Costs	1,844	1,801	43
Property Related Costs	11,523	11,197	326
Transport	3,187	3,081	105
Supplies and Services	16,943	17,616	(672)
Third Party Payments	3,017	3,009	8
Corporate including contingency and inflation	1,758	1,758	-
Income	(10,576)	(11,743)	1,167
Total	**191,533**	**190,926**	**607**

3.2 Pay Related Costs

3.2.1 The forecast overspend of £0.327m includes additional police and staff overtime offset by reduced officer costs based on the officer FTE for the year. Additional costs in relation to pension contributions are included this month as a result of the recent auto-enrolment exercise.

3.2.2 Suffolk is required to maintain delivery of the Neighbourhood Policing Guarantee year one commitments, progressing planned growth in neighbourhood roles and remaining on track to meet agreed workforce increases. For 2026/27, the Home Office has confirmed a £3.294m ringfenced grant covering both year one (26 officers) and additional year two requirements (16 officers), with a shift towards a defined neighbourhood policing target replacing overall officer headcount; this requires Suffolk to sustain and further increase neighbourhood policing capacity in line with national growth expectations and grant conditions.

3.3 Other Non-Pay Costs

3.3.1 The forecast overspend of £0.233m primarily relates to catering, forensic costs, medical costs, dangerous dog act costs, legal costs and subsistence offset by lower energy costs, building maintenance and equipment than budgeted.

3.4 Income

3.4.1 The forecast surplus of £1.167m includes additional income as a result of fees and charges, recovery of costs and investment interest.

4 SAVINGS

4.1 The total planned savings requirement for 2026/27 is £2.843m with budgets having been reduced in line with the agreed savings profiles set out in the MTFP. Delivery of these savings is on target.

5 SPECIFIC GRANTS

5.1 The budget of £12.879m relates to Home Office funding for PFI and other specific grants, which are expected to be received in full. This includes the Neighbourhood Policing Guarantee grant of £3.294m, contingent on maintaining delivery of the year one requirement of 26 officers and achieving a further 16 officers in year two. The current delivery plan assumes these targets will be met.

6 TRANSFERS TO AND FROM RESERVES

6.1 The budgeted transfer from reserves is summarised in the table below.

Use of Reserves	**Budget**	**Actual**	**Variance**
Capital Programme Funding from Reserves	(5,426)	(5,426)	**-**

7.1 The capital budget for 2026/27 is £13.866m, comprising the current programme of approved schemes of £3.968m and slippage from 2026/27 of £9.733m, together with transfers from Table B for Mobile Workflow (£0.017m), Digital Asset Management System (£0.022m) E-PDR (£0.004m), M365 (£0.022m), MS Project Online Expansion (£0.022m), DMS Upgrade (£0.012m), Data Management and Analysis Programme (£0.007m), TSU CCTV (£0.058m) and e-Recruitment (£0.001m). A summary of capital schemes is provided at Appendix B.

7.2 The forecast position at year end is currently forecast to underspend by £4.765m, primarily due to slippage in respect of a major Estates scheme.
