

General Engagement Activity with Children in Lowestoft

A sum of £170 is being applied for to enable the Lowestoft North & South SNT to better engage with children by means of providing them with their own 'fingerprint keyring'. This will encourage inter-action and help to break down barriers.

Early engagement links to the Plan by helping to reduce anti-social behaviour later in life and also improves confidence in the Police.

Funding of £170 for 2013/14 was agreed by the PCC on 25 September 2013 – Confidential Decision C14-2013 refers.
