REQUEST NUMBER: 2 - 2023

REQUEST DETAILS:

Following the on-line survey held recently relating to the PCC's proposal to raise the precept; I note that of the 2,116 respondents, 56% supported the proposal.

Can you please provide me with the number of respondents from West Suffolk & furthermore the Haverhill Area (The area of West Suffolk covered by the Haverhill & Sudbury Team of Suffolk Constabulary). Can you also please provide the percentage of these respondents that supported the proposal?

RESPONSE

A breakdown of the PCC precept survey is published on the Suffolk OPCC website and available via the following link: [survey-ratios-by-districts.pdf \(suffolk-pcc.gov.uk\)](#).

You will note that the survey only requested that the respondents specify which Council District they lived in. However, this was not compulsory.
